Dear Colleague,

We are pleased to invite you to **Olympic Medicine Uncovered: Live Insights from Milano Cortina 2026**, a virtual session featuring Chief Medical Officers and sports medicine practitioners currently supporting athletes at the Winter Olympics.

Event Details:

Date: 11 February

Time: 5:00 PM CET

Format: Virtual (Zoom)

FREE

Registration: <https://events.zoom.us/j/AnF5QNfWSi4jeQs9XUIpSKouVBq2gPZfjgsrCyW4-2s3UtkNqPV~Ai1Mgft9b2x9MSdkPwCGKGBU0MR5WKB5tMvSElVP7XQkeAXkgucuw9UWJg>

Please register using this link. We encourage you to share this invitation with colleagues who may be interested.

Program Overview:

This session provides an opportunity to hear directly from medical professionals working at Milano Cortina 2026. Topics will include:

- Injury patterns and prevention strategies in high-velocity winter sports
- Concussion management protocols in competitive settings
- Clinical decision-making in high-pressure Olympic environments
- Coordination of multidisciplinary medical teams
- Lessons applicable to sports medicine practice

Who May Benefit:

- Sports medicine physicians
- Emergency medicine practitioners
- Orthopedic specialists
- Athletic trainers and physiotherapists
- Team physicians
- Healthcare professionals interested in sports medicine

The session will include time for questions and discussion with the presenting medical staff.

The full program will be available through the link above shortly.
